CAEN AND EXCELPOINT SYSTEMS ANNOUNCE JOINT PARTNERSHIP

SINGAPORE, APRIL 24, 2006: **CAEN**, a leading company in Europe to manufacture and supply UHF RFID long range Tag/Reader and **Excelpoint**, a value added solutions provider with a wide sales/marketing network in the Asia market, announce a joint partnership to offer CAEN UHF RFID solutions via **Excelpoint** Asia sales network.

As there are growing needs for RFID deployment in Asia's supply chain and logistic management segment, the partnership will allow customers and system integrators to work closely with Excelpoint locally to deploy CAEN's leading UHF RFID systems. With its strong technical support competency and established sales network, Excelpoint is a one stop center for all sales and technical enquiries for CAEN UHF RFID systems.

About CAEN SpA

CAEN is an ISO9001:2000 certified privately owned company, worldwide leader in the design and manufacturing of sophisticated electronic equipment for Nuclear and Particle Physics experiments. A 26-years experience in the electronic integration field allows CAEN to face new challenges and new sectors as Aerospace, Microelectronics, and the latest emerging Radio Frequency Identification technology. CAEN has been the first european company to manufacture and supply UHF long range systems. It is an LPRA and EPC Global member, taking part actively into the Hardware Software and Business Action Groups.
