### EXCELPOINT POSITIONED TO SUPPORT INDIA'S SMART CITIES INITIATIVES

**Singapore, 8 June 2015** – Excelpoint Systems (Pte) Ltd participated in a 3-day Smart Cities India Exhibition held in New Delhi in May 2015. This exhibition pioneers India's Smart Cities initiative by the Prime Minister, Mr Narendra Modi, to make its cities world class with a sustainable ecosystem. The event received extensive support from ministries, public and private companies locally and internationally.

Being a leading electronics component distributor and solutions provider, Excelpoint is the gateway between its suppliers and customers, delivering smart solutions that plays a vital role in creating Smart Cities. Together with some of its co-exhibitors, namely ADI, Avago, CSR, Everlight, Microchip, NXP and Vectron, Excelpoint showcased cutting-edge technology and Internet of Things (IoT) solutions that enhance connectivity, security and efficiency. Solutions like Smart Security with Real Time Alerts, Bluetooth Mesh Lighting, Wireless Grid Temperature Sensing and Monitoring, NFC and Wireless Payment, Wireless charging, Smart Wearables and Green Energy received noteworthy interests from Ministers, the media, entrepreneurs and visitors.

Some of the eminent dignitaries who visited Excelpoint's booth were Smt. Yashodhara Raje Scindia, Minister for Commerce, Industries and Employment and Chairman Madhya Pradesh State Industrial Development Corporation, the Swedish Ambassador Mr. Harald Sandberg and distinguished MPs like Mr. Chandrakant Khaire and Mr. Udit Raj.

Director of Marketing of Excelpoint, Mr RD Pai expressed his pleasure at the success of the exhibition, and thanked everyone for making this inaugural step a great success.

"This exhibition was a rewarding experience for Excelpoint and is a platform for us to foster the valuable business relationships, exchange meaningful knowledge and be part of the Smart Cities ecosystem in India. We hope to contribute to the success of India, one of Asia's rapidly emerging economies", said Mr RD Pai.
